## **BCCA President Appointed to Transition Committee for Apprenticeship**

BC Construction Association is pleased to announce the appointment of Murray MacLeay to the Ministry of Advanced Education Transition Advisory Committee for Industry Training & Apprenticeship.

This Committee will have responsibility for helping to shape the future of training and apprenticeship in this province, and given the importance of education and training for our industry it was vital that the voice of construction be heard on this Committee.

Murray MacLeay will bring a wealth of information to the Committee on all matters relating to construction.
