

SiteREADYBC

ONLINE CONSTRUCTION SAFETY ORIENTATION

SITEREADYBC PROGRAM

This is a brand-new introductory construction safety training course created by the BC Construction Safety Alliance (BCCSA). The program will focus on BC safety regulations but is being built so it can be adapted for use across Canada.

This online training program replaces the popular Construction Safety Training System (CSTS-09) we previously offered, which close to 75,000 BC construction workers have completed. For many BC employers, a SiteReadyBC certificate will become mandatory for all new employees upon first entering a construction site.

Successful students will receive certificates to both the SiteReadyBC program and WHMIS-2015.

PART 1
