IF THERE HAVE BEEN ANY CHANGES, PLEASE CONTACT OUR OFFICE BEFORE PROCEEDING. PASSPORT(S) As of May 1, 2018, all original documents, including passports, must be submitted via the VAC. Please see: http://www.vfsglobal.ca/canada/ and follow the instructions under the "Passport Transmission Services" section. The visa(s) will be valid until the expiry of your medical results or until the expiry of your passports, whichever is earliest. As the validity of your visa(s) has been already established and is limited to a fixed date, it CANNOT be extended under any circumstances. We therefore urge you to read and follow carefully the instructions outlined in this letter without delay. PHOTOGRAPHS You must also provide two passport photos for every person receiving a visa on your application. Photograph specifications can be found at: www.cic.gc.ca/english/iuformation/applications/guides/pdf/5445EB-e.pdf. Print the specifications and bring them with you to a commercial photographer. A visa will not be issued if your photo does not match the specifications listed in the link above. Failure to provide the required travel document(s) within 15 days from the date of this letter will lead us to conclude that you are no longer interested in immigrating to Canada and your application will be refused based on the information that is available in your file. Once the application is refused, you would be able to reapply, but you would be required to submit a new application and pay a new processing fee.
